OF THE STATE OF MONTANA.

HELENA, MONTANA, Dec. 3, 1892.

GOV. JOS. K. TOOLE,

Mem. State Ex. Com. Hist. Soc. of Montana.

SIR: I have the honor to herewith transmit the first biennial report of Wm. F. Wheeler, our very efficient and painstaking librarian, which includes a well arranged Catalogue of all books, pamphlets, manuscripts, etc., in the Library of the Society.

I heartily concur in the recommendations made by him, and especially the one in reference to transferring the Miscellaneous Division of the State Library, to the care of the Historical Society, as under the present arrangement it cannot be properly assorted, catalogued, and cared for.

The present salary of the librarian is entirely inadequate for the large amount of intelligent and valuable work performed by him. The next session of the Legislature should increase it to $1,800 a year.

The thanks of the Society are due to the Board of Commissioners of Lewis and Clarke County for giving it, free of cost, good rooms in the attic of the Court House.

Very Respectfully,

GRANVILLE STUART,

President.

HISTORICAL SOCIETY OF MONTANA

REPORT OF THE LIBRARIAN FOR 1891-92.

To His Excellency, Joseph K. Toole, Governor of Montana, and Ex-Officio Member of the Executive Committee of the Historical Society of the State of Montana; also,

To Hon. Granville Stuart, President of said Society:

GENTLEMEN:—I have the honor to present this, my first biennial report, of the collections of this Society enumerated in the catalogue following hereafter, which is the first catalogue of this Society or its predecessor, "The Historical Society of Montana." The report also includes an appeal to the friends of the Society, stating definitely its purposes and objects; and also gives a statement of its receipts and expenditures since its transfer to the State, on the 1st day of April, 1891, to December 1st, 1892, the close of the fiscal year. This statement is taken from the books of the State Auditor and Treasurer, where said accounts are kept and where all vouchers are filed.

The catalogue is not strictly an alphabetical one, but more one of subjects grouped under the proper headings, which I consider more practical. *First*, the books and pamphlets relating to general historical subjects are given, together with State exchanges from other Historical Societies and our own State publications; and *second*, Part 2 embraces all the publications of the United States which have been received at our Library.

The Society hereby acknowledges with gratitude the generosity and liberality of the Commissioners of Lewis and Clarke County in giving it the splendid rooms in the Court house which it has occupied for its Library since July 5, 1887, without cost or charge; also, to the noble and public-spirited editors and proprietors of the newspapers of Montana, who have donated free of charge over 400 volumes of their publications to it since 1864 to the present time; also to the many citizens who have given diaries, letters of historic value

and many manuscripts which will in the future be of great worth in illustrating our history.

I wish to make two or three suggestions which I think necessary for the good of the Library and its management. The Miscellaneous Department of the State Library consists almost entirely of State and United States public documents, which are essentially books of reference and should be transferred to the Historical Department, as they are entirely of historical value. This will not interfere with the Law Library, which is for the sole use of the courts, and which should be left to a separate librarian, as at present. It gives enough work for one person to do.

The *second* suggestion is that all publications made under the authority of the State, of every description, should be deposited by the person printing the same, to the extent of at least five copies of each in the Library of this Society, for reference only, and not to be removed therefrom. As it is, we have an incomplete set of laws, journals of the Legislature, and but few reports of Territorial or State officers, except those the Librarian has collected under great difficulties.

The *third* suggestion is that there should be a small contingent fund set apart upon which the Librarian can check for the payment of postage, drayage, janitor work, for shelving and other small items of expense for the use of the Library, which he has now to pay for first out of his own pocket and then wait for reimbursement from the State. From three to five hundred dollars would be sufficient for this purpose, and the Librarian should give bond in double the amount so set apart.

The *fourth* suggestion is that whereas there is now in the Library a large number of letters and many valuable diaries and other contributions of great historic value which are poorly written —many in dim pencil marks—which need to be re-written and properly edited, the Librarian should be allowed to employ an assistant—a copyist or typewriter—to put this valuable matter in good shape for preservation or for the printer. Six hundred dollars would be a moderate estimate for this work for the next year.

The *fifth* suggestion is in relation to securing Indian relics, as all in the State will soon be beyond purchase, and never will be reproduced. The old Society, for want of funds, never did or could purchase any, or even pay for preserving the forms of the wild animals, birds or fishes native to Montana. This should be done now, as far

as possible. There has been deposited in the Library rooms a large case of fine and valuable Indian hand work, which the Society can buy at reasonable cost. I know of but one other collection in the State that can be purchased.

My *sixth* and last suggestion is that the Library and everything contained in it should be insured to, I think, the amount of $10,000. It will be for a committee of the Legislature to consider the above suggestions and examine the condition, needs and wants of the Libraries of the State.

HISTORICAL SKETCH

OF THE

Organization of the Historical Society

OF MONTANA.

Its Objects and Purposes.

The following is quoted bodily from the able introduction to the first volume of the "Transactions of the Society," and was written by Col. W. F. Sanders, who for twenty-five years was its President:

"This society was incorporated by an act of the Legislative Assembly, approved February 2, 1865. To it was confided the trust of accumulating information illustrative of the early history of the region of country in what is now (1876) the Territory of Montana. The trust seemed at first to be a barren and thankless one. There is not, probably, in the United States a region of equal area about which so little information can be gleaned as that parallelogram along the northern border, which contains the springs of the Columbia and the Missouri. In the discharge of the trust thus confided to the society, it was sought to gather from this barren field such information as books could afford, and to acquire from adventurers and early pioneers whatever of interest their memories had preserved.

"The Territory seems to have passed between two lines of early travel across the continent. To the north, the fur traders of Montreal, passing through Lake Superior to Lake Winnipeg, and thence up the Saskatchewan, across the Rocky Mountains to the Flatbow River, proceeded down the Columbia. At a later day, but early in the present century, adventurous traders from St. Louis and New

York, passing up the Platte and through the South Pass, crossed Green River to the Lewis Fork of the Columbia, and passed by Fort Hall, down towards Astoria.

"The travelers along the northern line of communication do not seem to have deflected so far from their route as to have familiarized themselves with the topography or geographical features of the Territory. Those who journeyed along the southern line, making Deer Creek, Green River, Cache Valley or Fort Hall their rendezvous, pursued the vocation of trappers, hunters or traders throughout the adjacent country, and not unfrequently visited our Territory. These representatives of the white race among the red men of the remote West seldom returned to civilization. The discovery of the gold and silver mines, the settlement of the country, the development of the various industries here, the history of towns and communities, sketches of various officials and administrations; the story of our social disorder; the perils, sacrifices and labors of our early pioneers; the material, social, intellectual and religious progress of our people—all justify the attention of the society. These various subjects the society has sought to care for in a spirit of fidelity to its mission. It has not considered that it was its province to pass judgment upon events, but to gather facts with impartial justice. It does not trouble itself to approve or condemn, but to preserve."

It is introduced here because it so fully explains the objects of the Historical Society and some of its history.

Notwithstanding the almost total destruction of nearly all the Library and manuscripts of the Society by the great fire of the 9th of January, 1874, the officers and members have labored with unfaltering zeal to replace what was lost and to gather new books and precious manuscripts for its future publications. Although much cramped for means, they have succeeded beyond their most sanguine expectations. The manuscripts gathered number over 3,000 pages; the books and pamphlets will number more. Many rare and valuable books have been purchased, but the greatest source of increase to the Library is from the government publications at Washington and from exchanges with kindred societies and State publications. The Library contains upwards of 2,400 bound volumes, and 450 bound volumes of the territorial newspapers, some commencing as far back as 1864, and are considered by the Society as valuable beyond price. Nearly every paper published in Montana is sent to the Society gratis, and these are finely bound and preserved in a fire-proof vault, as are the manuscripts. As a rule the editors or pro-

prietors thus contribute their papers to our Library free of charge.

Many of the early pioneers, County, Territorial and Federal officials, and persons who contribute to the archives of the Society, have or can be elected honorary members. The manuscripts already collected contain narratives of early events and personal history, precious beyond any price.

A number of diaries, which were made by persons who crossed the plains from St. Paul or Leavenworth in 1863 or 1864, have been collected. These are full of interesting events and after the lapse of twenty-five years read like a romance. Many more are supposed to be in the hands of those who wrote them, and the Society would like to obtain them. If sent to the Librarian they will be copied and returned if the owners so desire.

The persons named in the act incorporating the Society are: Hez. L. Hosmer, Christopher P. Higgins, John Owen, James Staurt, W. F. Sanders, Malcolm Clark, F. M. Thompson, William Y. Graham, Granville Stuart, W. W. De Lacy, Caleb E. Irvine and Chas. S. Bagg. These incorporators met on the 21st of February, 1865, at the office of Dance & Stuart, Virginia City, Montana, and made a temporary organization and appointed a committee on permanent organization, and framed a constitution and by-laws. These were subsequently reported and adopted. On April 20, 1865, the Society met and elected the following named officers for the ensuing year:

President, Wilbur F. Sanders.
Vice-President, Granville Stuart.
Corresponding Secretary, Wm. E. Cullen.
Recording Secretary, Cornelius Hedges.
Librarian, Chas. Rumley.

It is a noticeable fact that all are now living in Montana after more than twenty-five years. They evidently came to stay.

The following list contains the names of the first twenty-five active members: Hezekiah L. Hosmer, *Christopher P. Higgins, *John Owen, *James Stuart, Wilbur F. Sanders, *Malcolm Clark, Francis M. Thompson, *William Y. Graham, Granville Stuart, *Walter W. De Lacy, *Caleb E. Irvine, *Chas. S. Bagg, *Walter B. Dance, James Fergus, Samuel T. Hauser, Chas. S. Warren, Cornelius Hedges, William W. Alderson, Matthew Carroll, William E. Cullen, Chas. Rumley, Louis R. Maillett, Erasumus D. Leavitt, Perry W. McAdow, William A. Clark, Henry N. Blake.

The following were duly elected corresponding members at the

organization of the Society: *Hon. George Bancroft, *John Lathrop Motley, *Chas. Francis Adams, *Francis Parkman, *Louis Agassiz, *Joseph Henry.

[*The names marked with a star in the above list are those of deceased members.]

An Appeal to Our Friends.

The Montana Historical Society earnestly requests its friends and correspondents to secure and forward to it whatever they may have to donate, of a printed nature. We ask for books and pamphlets on American History, Biography and Genealogy, particularly those relating to the West; works on our Indian Tribes, and American Archæology and Ethnology; Statistical and Scientific Publications of States or Societies; books or pamphlets relating to the Great Rebellion; privately printed works; Newspapers, Maps and Charts; Engravings; Autographs; Coins; Antiquities and Encyclopædias; Dictionaries and Biographical works of every kind. Entire sets of works are especially solicited, or collections of books on any subject, but single volumes, or pamphlets even, will be gratefully received. Especially do we desire—

Everything Relating to Our Own State, Viz:

1. Travels and Explorations; City Directories; Hotel Registers; Ordinances of Cities, and, in short, every book on any subject printed in the State, or elsewhere, relating to it.

2. Pamphlets of all kinds; catalogues of Montana Colleges and other institutions of learning; Annual Reports of Societies; Sermons and Addresses delivered in this State; Minutes of Church Conventions, Synods, or other ecclesiastical bodies of Montana; Railroad and Board of Trade reports, and other pamphlets relating to this State.

3. Files of Montana newspapers or magazines, especially complete volumes of past years, or single numbers even. Publishers are earnestly requested to contribute their publications regularly, all of which will be carefully preserved and bound. We trust that every newspaper in the State will send us its publication for the vear 1893, commencing January first.

4. Materials for Montana History; old letters, journals and manuscript narratives of the Pioneers of Montana; newspaper cuttings; original papers on the Early History and Settlement of the Territory; Adventures and Conflicts During the Indian Wars; Biographies of the Pioneers of every county, either living or deceased, together with their portraits and autographs; a sketch of the settlement of every town and village in the State, with names of the first settlers. We solicit articles on every subject connected with Montana History.

5. Maps of Townsites or Counties, of any date; views or engravings of buildings or historic places; drawings or photographs of scenery; paintings, portraits, etc., connected with Montana History.

6. Curiosities of all kinds for our Museum; medals, paintings, portraits, engravings, statues; autographs; letters of distinguished persons, etc., and especially mineral specimens, giving the name of the mine, county, etc., from which they came.

7. Facts illustrative of our Indian troubles; their history, characteristics, religion, etc.; sketches of their prominent chiefs, orators and warriors, together with contributions of Indian weapons, costumes, ornaments, curiosities and implements. Also stone axes, spears, arrow-heads, pottery or other relics of the pre-historic races.

In brief, *everything* that, by the most liberal construction, can illustrate the History of Montana or its people; its early settlement, its progress or present condition, which will be of value or interest to succeeding generations. All works presented to our Library will be acknowledged in our biennial reports, and will be carefully preserved for the use of the public of the State.

Nearly every gentleman accumulates at his office or home a great number of pamphlets. Do not sell them to the paper mill, but send them to

HOW THE SOCIETY TRANSFERRED ITS LIBRARY AND PROPERTY TO THE STATE.

The following is a copy of the first two sections of the Act, approved March 4, 1891, authorizing the making of the transfer:

"HISTORICAL SOCIETY."

"*Be it Enacted by the Legislative Assembly of the State of Montana:*

"SECTION 1. That the Historical Society of the State of Montana, now organized under the provisions of an Act of the Legislative Assembly of the Territory of Montana, entitled, an 'Act to incorporate the Historical Society of Montana,' approved February 2, 1865, may become the Historical Society of the State of Montana, by complying with the terms, conditions and provisions hereinafter contained, and such terms, conditions and limitations as may hereafter be enacted for its government or control by the Legislative Assembly. Said Society shall be the trustee of the State, and as such shall faithfully expend and apply all money received from the State to the uses and purposes directed by law, and shall hold all its present and future collections and property for the State, and shall not sell, mortgage, transfer or dispose of in any manner, or remove from the capital any article thereof, or any part of the same, without authority of law or the consent of the Legislative Assembly; *Provided*, that this shall not be construed to prevent the sale or exchange of any duplicates the Society may have or obtain. There shall be an Executive Committee of said Society, of which the Governor, Secretary of State, and Attorney General shall be *ex-officio* members, and take care that the interests of the State are protected.

"Sec. 2. The Society may have a librarian who shall receive a salary of six hundred dollars per annum, to be paid out of any funds in the State Treasury not otherwise appropriated. The Public Printer shall cause to be bound in suitable binding all newspaper files and other printed matter which the Society has or may hereafter have,

under direction of the Library Committee, and on the approval of the Governor, and such printer shall print such circulars, labels and other matter as may be required by said Committee for the use of the Library."

The remaining sections relate to the duties of the Society and its officers, and the Act will be found on page 199 of the Second Session Laws of the Legislature of 1891.

In accordance with section 4 of said Act, the officers of the Society, on the 1st day of April, 1891, at a meeting held for that purpose, passed a resolution accepting the terms and provisions of the Act donating to the State all books, papers and other property then owned by said Society, and delivered the same to the Secretary of State. In this manner the Historical Library became a State institution for which the State is to hereafter provide.

WILLIAM F. WHEELER,

Librarian.

CATALOGUE.

ANNIVERSARY, THE ONE HUNDREDTH—The Centennial Celebration April 30, 1889, of the Inauguration of George Washington as President of the United States. 1 vol., 4mo., 673 pages. D. Appleton & Co., New York, 1892. Illustrated.

The following is the letter of donation to the State of Montana of the above-named grand and gorgeously illustrated history of the Centennary of the Inauguration of George Washington as the First President of the United States:

OFFICE OF THE SECRETARY, 251 BROADWAY, NEW YORK,
August 25, 1892.

Governor Joseph K. Toole, Helena, Montana:

DEAR SIR:—I am requested by Messrs. Cornelius N. Bliss and Abram S. Hewitt, Publication Committee, to forward to you a copy of the Memorial Volume on the Centennial of Washington's Inauguration. This volume is sent as a gift to your State, and our committee will be very much obliged to you if you will kindly see that the same is placed in the State Library. If, however, there is no library, will you kindly designate some public institution and deposit therein the volume, and oblige our committee.

I have the honor to be very truly yours,

CLARENCE W. BOWEN,
Secretary.

In accordance with the request of Messrs. Bliss and Hewitt Governor Toole deposited the said volume with the librarian of the Historical Society of the State of Montana for safe-keeping and a perpetual reference.

ASSAYING—

FLETA MINOR—The Laws of Art and Nature in Knowing, Judging, Assaying, Fining, Refining and Enlarging the Bodies of Confined Metals. In two parts. The first contains "Assays of Lazarus Erckern," Chief Prover (or Assay Master General) of the Empire of Germany, in five books; originally written by him in the Teutonick language, and now translated into English.

The second contains essays on Metallick Words, as a Dictionary to many pleasing Discourses. By Sir John Pettus, of Suffolk, Kt., of the Society for the Mines Royal. Illustrated with 44 Sculptures.
Mal. 3, 3. Numb. 31, 31.

BULLETINS OF THE U. S. GEOLOGICAL SURVEY.

Bulletin No. 1—On Hypersthem-Andesite and on Trychinie Pyroxene in Augitic Rocks, by Whitman Cross, with a Geological Sketch of Buffalo Peaks of Colorado, by S. F. Emmons, Geologist, in charge of Rocky Mountain Division, 1883.

Bulletin No. 2—Gold and Silver Conversion Tables, giving the Coinage Values of Troy ounces of ffne metal and the weights of fine metal represented by given sums of United States money. (2 copies.) 1883.

Bulletin No. 3—On the Fossil Faunos of the Upper Devorian along the meridian of 76 deg. 30 min. from Tompkins County, N. Y., to Bradford County, Pa., (2 copies.) 1884.

Bulletin No. 4—On Mesozic Fossils, 1884.

Bulletin No. 5—A Dictionary of Altitudes in the United States, 1884. (2 copies.)

Bulletin No. 6—Elevators in the Dominion of Canada, 1884. (2 copies.)

Bulletin No. 7—A Catalogue of Geological Maps relative to North and South America. (2 copies.)

Bulletin No. 8—On Secondary Enlargements of Mineral Fragments in Certain Rocks. (2 copies.)

Bulletin No. 9. A Report of the Work Done in the Washington Labratory During the Fiscal Year 1883–84.

Bulletin No. 10—On the Cambrian Fanna of North America, 1884.

Bulletin No. 11—On the Quarternary and Recent Mollusca of the Great Basin, with Descriptions of New Forms, 1884.

Bulletin No. 12—A Crystallographic Study of the Minolite of Lake Lahonton, 1884.

Bulletin No. 13—Boundaries of the United States and of the Several States and Territories, with a Historical Sketch of the Territorial Changes. 1885.

Bulletin No. 14—On the Physical Characteristics of the Iron Carburets—More Particularly on the Galvanic, Thermo-Electric and Magnetic Properties of Wrought Iron, Steel and Cast Iron in Different States of Hardness, together with a Physical Diagram for the Classification of Iron Carburets. 1885.

Bulletin No. 15—Notes on the Mesozoic and Cenoyoic Paleoutology of California. 1885.

Bulletin No. 16—On the Higher Deovinan Faunas of Ontario County, New York. 1885.

Bulletin No. 17—On the Development of Crystallization in the Igneous Rocks of Washoe, Nevada, with Notes on the Geology of the District. 1885.

Bulletin No. 18—On Marine, Eocene, Fresh Water, Miocene and Other Fossil Molusca of Western North America. 1885.

Bulletin No. 19—Notes on the Stratigraphy of California. 1885.

Bulletin No. 20—Contributions to the Mineralogy of the Rocky Mountains. 1885.

Bulletin No. 21—The Lignites of the Great Sioux Reservation. A report on the region between the Grand and Morean rivers, Dakota. 1885.

Bulletin No. 22—On New Cretaceous Fossils from California. 1885.

Bulletin No. 23—Observations on the Junction Between the Eastern Sandstone and the Keweenaw Series on Keweenaw Point, Lake Superior. 1885.

Bulletin No. 24—List of Marine Mollusca, Comprising the Quarternary Fossils and Recent Forms from American Localities between Cape Hatteras and Cape Rogue, including the Bermudas. 1885.

Bulletin No. 25—The Present Technical Condition of the Steel Industry of the United States. 1885.

Bulletin No. 26—Copper Smelting. 1885.

Bulletin No. 26—Work Done in the Division of Chemistry and Physics, mainly During the Fiscal Years 1884-85 and 86.

Bulletin No. 28—The Gabbros and Associate Hornblende Rocks Occurring in the Neighborhood of Baltimore, Md. 1886.

Bulletin No. 29—On the Freshwater Invertebrates of the North American Jurassic. 1886.

Bulletin No. 30—Second Contribution to the Studies on the Cambranian Faunas of North America. 1886.

Index to Vol. 5.

Bulletin No. 31—Systematic Review of Our Present Knowledge of Fossil Insects, including Myriapods and Arachuids, 1886.

Bulletin No. 32—Mineral Springs of the United States. 1886.

Bulletin No. 33—Notes on the Geology of Northern California, 1886.

Bulletin No. 34—On the Relation of the Laramie Fauna to that of the Succeeding Fresh Water Eocene and other Groups. 1886.

Bulletin No. 35—Physieal Properties of the Iron-Carburets. 1886.

Bulletin No. 36—Subsidence of Fine Solid Particles in Liquids. 1886.

Bulletin No. 37—Types of the Laramie Flora. 1886.

Bulletin No. 38—Peridotite of Elliott County, Ky. 1887.

Bulletin No. 39—The Upper Beaches and Deltas of the Glacial Lake Agassiz. 1887.

Bulletin No. 40—Change in the River Courses in Washington Territory, due to Glacial Action. 1887.

Bulletin No. 41—On the Fossil Faunas of the Upper Devonian—The Genesee Section, New York. 1887.
